TORONTO – [The Chelsea Hotel, Toronto](#), just completed a C\$12 million dollar guestroom refurbishment that includes five room types – Chelsea guestrooms, one and two bedroom suites, kitchenette suites and accessible guestrooms. This bold transformation coincides with the hotel's 40th anniversary.

The investment – the most extensive since 2006 – includes 750 guestrooms and suites. As Canada's largest hotel, this translates into approximately half of the hotel's room product. With a total investment of close to C\$30 million dollars, additional refurbishments since 2013 include the lobby; three restaurants (T| Bar, Market Garden and express|o); updated meeting and banquet space; and an update to the hotel exterior (balconies).

During the refurbishment period, the hotel continued to keep sustainability top of mind. All of the guestrooms include low flow showerheads and toilets as well as the installation of energy efficient light bulbs. This initiative dovetails with the hotel's Bronze certification with [EarthCheck](#) - an environmental management program for the travel and tourism industry. EarthCheck benchmarking provides an organization a vehicle for sustainability reporting and is based on the premise of continual improvement.

Over the course of 40 years, the name, 'Chelsea' has been synonymous with the hotel and an icon in the heart of the city. The Chelsea Hotel, Toronto is proud to have been welcoming visitors from the four corners of the world since October 15, 1975 and since that time, the Chelsea has been known for its exceptional value and unique offerings.

With these enhancements, the hotel continues to raise the bar and remains at the forefront in terms of service and value within the competitive hotel market in Toronto. "This renovation is

another very exciting phase in the life of the Chelsea and it couldn't come at a better time with our 40th Anniversary," says Josef Ebner, regional vice president - Canada and managing director, Chelsea Hotel, Toronto.
